PRODUCTION SCHEDULING

STEEL

Full job description

The Company Profile:

Based at Crestmead, our client was established in 1992, and is an innovator in the Steel Frame and Truss industry. Their system is the result of years of experience and effort to refine light gauge steel frame and truss, and they have developed a completely engineered, fully designed, and truly Ultimate Steel Building System to meet the rapidly growing demands for Steel Framing in Australia.

The Role:

The role is full-time, Monday to Friday plus overtime if required. If you are looking for a stable ongoing role - this is for you!

What's in it for you:

- Immediate start
- Stable company profile
- Easy access location with parking available
- You will work with an experienced and friendly team
- Diverse range of tasks, you won't get bored!

Responsibilities:

- Creating, maintaining, and updating production schedules

- Reviewing and identifying any issues in the production process and suggesting improvements
- Ensuring that the production schedules and deadlines are met
- Making adjustments or corrections to the production schedules as and when required
- Coordinating with the Production Manager and Production Planner to plan production schedules
- Arranging all the materials and equipment required for production beforehand
- Considering sales forecast and employee capacity when developing production schedules

Position Essentials:

- Proven work experience as a Production Scheduler, Production Planner, Production Worker , or a similar role in the Production department
- Complete knowledge of the production process
- Strong analytical and problem-solving skills
- Excellent time management, planning, and organizational skills
- A team player and ability to work collaboratively
- Ability to manage deadlines and stressful situations

How to Apply:

To get yourself in front of this amazing opportunity to set you on the path of a permanent position that will grow your career **APPLY NOW! or call Sarah on 0466 883 742**

At Fuse, we specialise in recruitment for the manufacturing industry and actively source a variety of roles for a broad range of manufacturers. If you are looking for a new opportunity, I'd love to hear from you!

If you know someone looking for a job, refer them to us and we'll give you \$500* if we find them a new role!
